

Doc No. RF1705-019

Date : May 22, 2017

Subject: Declaration letter

Dear Sirs,

We, Hyundai Mobis Co., Ltd. below DISPLAY CAR SYSTEM contains a previously certified LTE/CDMA module (FCC ID: LHJ-CASAN) which we confirm does not operate simultaneously with Bluetooth.

[Product information]

Company Name : Hyundai Mobis Co., Ltd.

Certification / Registration Number : TQ8-ADC40G9AN

Model Number : ADC40G9AN

The LTE/CDMA function is mainly Navigation & E-call support. Once the Bluetooth operates during LTE/CDMA operation, the display UI is changed to Bluetooth and stopped to support LTE/CDMA. Thus reason, LTE/CDMA and Bluetooth is not simultaneously operated.

Sincerely yours,

---

Seung-Hoon Choe
